

LICHTSCHILF

PRODUCT INFORMATION

December 2013 version. Technical changes reserved.

APPLICATION

The light art object Lichtschilf is setting a decorative lighting accent into effect for exterior and interior spaces. The cattails shape are related to nature and illuminated with white shining LEDs to provide a pleasant atmosphere.

PRODUCT DESCRIPTION

Lichtschilf consists of nine randomly arranged glowing cattails. The rods' height varies between 47.24" (1200 mm) and 76.37" (1940 mm). Modern, high-performance LEDs ensure low power consumption. Lichtschilf can be customised individually and is available in a range of dimensions and light colours.

MATERIAL

- Anthracite GRP-rods
